BALAJI T

ABOUT ME

A passionate fresher and a dedicated computer science and engineering student with a strong academic background and a proven track record of leadership. Seeking a challenging position in an organization to expand and utilize my learning, skills and knowledge. I'm always eager to learn new technologies and always willing to innovate new things that can improve existing technology.

CAREER OBJECTIVE

To enhance my professional skills, expand my capabilities, and deepen my knowledge within an organization that values diligence and entrusts me with meaningful responsibilities and exciting challenges.

PROJECT DETAILS

Staff Management System using Python and SQLite

Developed a Staff Management System using Python and an SQLite database to efficiently manage personnel records. This system tracks staff details, including personal information and work history, while also recording wages and salary information.

CO - CURRICULAR ACTIVITIES

- Secretary of IEEE Computer Society (2023-24)
- Student Program Sub-coordinator of Computer Society of India (2023-24)
- Photoshop and Canva Designer.
